QUILTING ACCESSORIES

NEW – Ruler Foot – Low Shank

Quilt beautiful designs using rulers and acrylic templates with the Open Toe Ruler Foot. This 1/2" wide foot is designed to give you a 1/4" radius from the needle and the 3/16" height of the foot allows for stability when using low shank style rulers. (BL-LOTRF)

NEW – 3/16" Ruler Kit – Low Shank

Expand your quilting capabilities with the Baby Lock Ruler Set. From stitching squiggles across seam lines to curved line doubled-sided feathers to perfect concentric circles, these templates are perfect for any sewer looking to add new designs and styles to their quilts. (BLRK-LS)

Quilt Clips

Manage the bulk of your quilt using these 3" Quilt Clamps to keep your quilt rolled up and out of the way. These are perfect for machine quilting on the Baby Lock Coronet Quilting Frame, Baby Lock Pearl Frame or even with your standard machine. (BLQ-LQC)

Horizontal Spool Pin

This optional Horizontal Spool Pin is available for use with metallic and specialty threads wound on a spool (not a cone). (BLJ18-HS)

10" TruGrip

Designed by Linda Hall the 10" TruGrip acts as a quilter's second set of hands, stabilizing the surface of your quilt during free-motion quilting. The 10" TruGrip also synchronizes your movements with the TruStitch Regulator so you can get into the zone for smooth machine quilting. Expand your creativity by attaching optional templates to the TruGrip. (BLTG10)

Linda Hall Curve Template

The Curve Template mounts to the TruGrip or Free-Motion Grip and serves as a guide to create shaped lines on the surface of the quilt. This template yields professional results in a fraction of the time. (BLHCT)

2-Thread Stand

Now you can save time by always having two spools ready to sew, quilt or embroider. This 2-spool thread stand provides enough room for most spool sizes and large cones, too. (BLMAC-STS)
