Top Features

- StitchVision Technology to clearly preview stitches and embroidery designs directly on your fabric.
- Expansive 10 5/8" x 16" embroidery area and 65 square inches of workspace, 13.1" needle to arm.
- End Point Sewing Function allows you to stop your stitch in the perfect place by placing a Snowball End Point Sewing Sticker on your project.
- My Stitch Monitor mobile app notifies you via your iOS or Android™ mobile device when you need to change threads or if your project has finished stitching.
- My Design Snap mobile app for wireless transfer of images from your mobile device to your machine.
- The WLAN feature seamlessly transfers your designs back and forth between the XP2 and the ScanNCut DX Innov-is editions using the 'My Connection' tile for added creativity.

Entrepreneur W

PR680W

PR680W
6-NEEDLE HOME EMBROIDERY MACHINE

Top Features

- **6-Needle Versatility:** Each needle offers customizable settings for speed, color lock, and now the disengagement of the needle threader – useful when using a thin needle!
- **Crosshair Embroidery Droplight Laser:** Get precision accuracy positioning and light up your fabric to see where the needle will drop for all your projects.
- **Connect Wirelessly:** When connected to your wireless network, send designs from your PC to the PR680W with Design Database Transfer and get alerts when it's time to change thread or when your project is complete with the My Stitch Monitor App.

Spring into Sewing & Quilting

QUILT CLUB
SERIES

Innov-ís BQ2500 ADVANCED SEWING AND QUILTING

11.25"
Spacious Workspace

Top Features

- **Pivot Function:** The presser foot automatically lifts while the needle remains in the fabric for fast and easy cornering and fabric manipulation.
- **My Custom Stitch:** Want to create your own stitches and add some personalization? With the My Custom Stitch feature, you can create a stitch, save the stitch, and then stitch it.
- **Sideways and Directional Sewing:** Perfect for trendy decorative mending, the machine sews straight and zigzag stitches not only forward and backward but sideways. In addition to sideways sewing, this machine has the capability to stitch diagonally when using a straight stitch.

Innov-ís BQ3100 ADVANCED SEWING AND QUILTING

11.25"
Spacious Workspace

Top Features

- **Compact MuVit Digital Dual Feed:** The Compact MuVit Digital Dual Feed gives you better visibility and better functioning with thicker materials. Stitches forward and backward for unprecedented versatility and comes with various stitches chosen specifically to use with the Dual Feed.
- **Computer Compatibility:** With a full USB port, the BQ3100 easily accepts USB media for adding or saving additional stitches. Alternatively, use the port to connect a USB mouse (not included) to use with the machine's screen. Connect the BQ3100 to your computer for easy software updates and upgrades.
- **Sew Straight Stitches:** When it comes time to quilt, piece, or sew, align rows of decorative stitches in smooth straight lines with the Sew Straight Laser Vision Guide.
